Bachelor Programme in Business Administration

IOAN ALIN NISTOR

Dean of Transylvania Business School

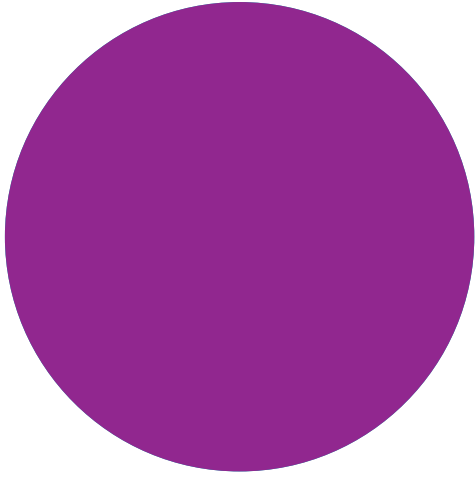

„When we introduced Business studies in Romania we were thinking of programmes that would offer a world class education in one of the most exciting cities in Eastern Europe. We have combined the excellent teaching tradition of the biggest university in Romania with a modern business-applied approach. We have thus created one of the best Business Administration programmes in Eastern Europe, which is internationally recognized. An employability rate of over 89% and students working all over the world are proof of the high-class education of the Business Administration programme.”

DORA VASILACHE

class of 2012

“Two main things convinced me to pursue a degree at Transylvania Business School: the knowledgeable and enthusiastic professors and the curriculum. I knew I was receiving a world-class education while being given the opportunity to participate in various conferences. The professors strive to mentor meaningful members of the economic field who can impact the world in a significant way. I didn’t realize how much I had really learned until after I left the university. Since I have been working at Erste Group Bank AG, I have been asked to draw on knowledge from essentially every major class I had, be it in my “field of expertise” or not. I truly believe Transylvania Business School is an excellent choice.”
